A letter from your Town Administrator

Dear Boonville Residents,
The Town of Boonville has recently migrated its utility billing software to a new system which is more efficient and user friendly. We are no longer accepting credits cards as a form of payment at Town Hall. However, if you call the IVR Phone Number, 844-579-2887 you can pay with a credit card over the phone.

In other news, with the guidance of our Economic Development Steering Committee, we continue to make progress on the items contained in our

Economic Development Plan. We are happy to report that the Town of Boonville has recently purchased a building and vacant lot at the intersection of NC 67 and US 601. We welcome the public's input on the best use of this property as we continue to address multiple needs in our downtown areas such as parking and event space. If you participated in our survey regarding the types of businesses you would like to see in Downtown Boonville, look for those results on our web site later in the month.

Also, Fiscal Year (FY) 2018-2019 begins on July 31, 2018, and the Town of Boonville is now entering budget prepara-

tion season. The Town Board members have met and reviewed the accomplishments from the current year and prioritized plans and projects for the next year. Budget workshops will begin this month.

And the wastewater treatment plant project is expected to be completed in May. Part B of the water project has been delayed due to inclement weather but continues to move forward.
