## Bridal Expo

Mark your calendar for October 14 for the Bridal Expo at The Barn at Cranberry Creek from 2:00-6:00 p.m.

Featuring many of the area's best wedding and event vendors, enjoy this free event as the Barn at Cranberry Creek features how much this area has to offer! A wide range of vendors will participate in this event including: florists, photographers, makeup artists, hair stylists, jewelry and food vendors, and more

for the big day!

Christy Brown, Event Manger of the Barn at Cranberry Creek said, "Our #1 purpose with

this expo is to showcase and support local wedding and event vendors. We have some of the best and brightest talents within miles of our venue. We understand the power of community, so this is an opportunity for us to come together, support one another, and support local business. #shoplocal all the way!"

For more information, call (336) 365-8550 or click here [Bridal Expo](#).

## Boonville Boo Bash

Join your friends in Downtown Boonville on Wednesday, October 31, 2018 (Halloween), from 4:00 p.m. - 6:00 p.m. for the 3rd Annual Boonville Boo Bash.

Sponsored by the Boonville Business and Downtown Development Association, Inc. (BBDDA), the Boo Bash will be a fun, safe, family-oriented event with trick or treating for the children at the downtown businesses.

Green balloons will indicate if a business is participating.

In addition to trick or treating, there will be games, face painting, a bouncy house, a cake walk, a costume contest for children and adults and more in the Town Square! The Hotdog Boy will be bringing their rockin' sauces and hot dogs to downtown Boonville!

Proceeds from the event will benefit the BBDDA, a 501(c)(3) organization, and be reinvested back into the community.

## Business Spotlight

Our Business Spotlight features Foothills Battery! Ken Pittman, owner of Foothills Battery opened his store in late September in Downtown Boonville. Ken is also the owner of CC Golf Cars located at 106 East Main Street.

Foothills Battery offers a wide variety of batteries as well as parts for batteries. If you can't find what you are looking for, Foothills Battery can order and have your item within the week!

## *A letter from your Town Administrator*

Dear Boonville Residents,

Fall has officially arrived and so has our newest edition of the newsletter! The Town of Boonville continues to move forward with water and sewer infrastructure upgrades. Since our last update, the Town of Boonville has contracted with a new engineering firm, WithersRavenel, to explore options at our wastewater treatment plant.

Part A of the water project is in the process of being closed

out, and we hope to have a contract for Part B before the end of the year. Part B will include rehabilitation of three existing well houses and full development of our recently tapped well site.

Along with these infrastructure improvements, NCDOT recently hosted a public meeting on the planned upgrades at the intersection of NC 67 and US 601. These proposed upgrades include a new right-turn lane on US 601 southbound, and NC 67 will have left-turn lanes east and west bound. Improvements will also include curb, gutter, sidewalks, and an addition of pe-

destrian cross walks and signals in the area. NCDOT plans to begin acquiring land in June 2019 with construction projected to begin in June 2020. Overall, this project is estimated to include upgrades of \$2.5 million dollars with the option for the Town to add additional beautification upgrades.

## Fall Leaf Collection

Leaf collection will begin November 1st and will continue through January 1st.

Leaves should not be raked to the pick-up location until the last week of October. This helps reduce the scattering of leaves on windy days.

Rake leaves into a neat row or pile at the street's edge if no sidewalk exists. If a sidewalk borders the street, locate leaves along the yard-side edge and off the sidewalk. The aim is to keep leaves safely out of the way of traffic and pedestrian walkways

while keeping them visible and accessible to town employees. Placing leaves too far into the streets or on sidewalks can be hazardous to citizens and pets as they attempt to avoid them. The town's primary collection method involves leaf-vacuuming equipment, so raked leaves must be easily accessible by all leaf-collection vehicles and equipment.

We ask you to not mix trash or limbs with leaves to be picked up. It is preferable that leaves not be bagged during this season unless you have a small amount that may not be

clearly visible if raked into a row or pile.

The town employees want to collect leaves as efficiently as possible and ensure leaves are not left uncollected for an extended period of time.
