Town of Boonville
April 27, 2023, Recessed Minutes
Harvey E. Smith Municipal Building

The following were in attendance at the 4/27/23 recessed meeting: Mayor Vaughn Benton, Commissioners David Cox, Monica Craver, Dwaine Dobbins, and Greg Wagoner. Also in attendance were Finance Officer/Town Clerk Kim Wells, Public Works Director Tim Collins, and Police Chief Jeff Hobson. Mayor Pro-tem Tim Driver was absent.

Mayor Benton called the meeting to order at 6:30pm.

Craig Hopkins, auditor from Gibson and Company, reported on the Fiscal Year End 2022 Audit. He referenced the auditor's letter and stated they had given the town a clean, unqualified opinion for the fiscal audit. He stated the town was also subject to a Yellowbook audit because of the Federal/State funding they had received and that there were no compliance findings in this audit. He then reviewed the final financials for the town. The Board thanked Mr. Hopkins.

Finance Officer/Town Clerk Wells distributed the drafted policies required for the ARPA funding. She stated that all five polices were drafted by the NC School of Government and had been proofed by Attorney Freeman. Discussion followed. Commissioner Wagoner motioned to adopt the five policies for ARP funding. Commissioner Craver seconded, and the motion passed unanimously.

Tyson Edwards, NC Rural Water Association representative, presented his Water/Sewer Rate Study. He stated the numbers ended out a lot better than he expected but still recommended a 2.5% annual increase just for the Cost of Living. Discussion followed on how this increase would be approximately $1.00 more per bill. Finance Officer/Town Clerk Wells asked that when the town had the quote from Waste Management, we look at what a minimum bill would be and round it, so it did not have an odd amount. She then spoke of the current minimum intown bill of $67.03.

The Board members reviewed the proposed Capital Improvement Plans for all departments. The Board requested some quotes on trucks that might meet the needs of Public Works. Finance Officer/Town Clerk Wells stated that the anticipated ARP projects would need to be included on the adopted CIP and that she and Tim Collins could work on that for the next meeting.

The Board members reviewed the General Fund revenues and expenses. Then reviewed Enterprise Revenue.

Commissioner Dobbins motioned to adjourn. Commissioner Wagoner seconded, and the motion passed unanimously at 8:26p.m.

RESOLUTION FOR ALLOWABLE COSTS AND COST PRINCIPLES FOR EXPENDITURE OF AMERICAN RESCUE PLAN ACT CORONAVIRUS STATE AND LOCAL FISCAL RECOVERY FUNDS BY NORTH CAROLINA LOCAL GOVERNMENTS

WHEREAS the Town of Boonville , has received an allocation of funds from the Coronavirus State and Local Fiscal Recovery Funds of H.R. 1319 American Rescue Plan Act of 2021 (hereinafter "ARP/CSLFRF"); and

WHEREAS the funds may be used for projects within these categories, to the extent authorized by state law.

1. Support public health expenditures, by funding COVID-19 mitigation efforts, medical expenses, behavioral healthcare, and certain public health and safety staff;

2. Address negative economic impacts caused by the public health emergency, including economic harms to workers, households, small businesses, impacted industries, and the public sector;

3. Replace lost public sector revenue, using this funding to provide government services to the extent of the reduction in revenue experienced due to the pandemic;

4. Provide premium pay for essential workers, offering additional support to those who have borne and will bear the greatest health risks because of their service in critical infrastructure sectors; and,

5. Invest in water, sewer, and broadband infrastructure, making necessary investments to improve access to clean drinking water, support vital wastewater and stormwater infrastructure, and to expand access to broadband internet; and

WHEREAS the ARP/CSLFRF are subject to the provisions of the federal Uniform Grant Guidance, 2 CFR Sect. 200 (hereinafter "UG"), as provided in the Assistance Listing; and

WHEREAS the Compliance and Reporting Guidance for the State and Local Fiscal Recovery Funds provides, in relevant part:

> **Allowable Costs/Cost Principles.** As outlined in the Uniform Guidance at 2 CFR Part 200, Subpart E regarding Cost Principles, allowable costs are based on the premise that a recipient is responsible for the effective administration of Federal awards, application of sound management practices, and administration of Federal funds in a manner consistent with the program objectives and terms and conditions of the award. Recipients must implement robust internal controls and effective monitoring to ensure compliance with the Cost Principles, which are important for building trust and accountability.
>
> ARP/CSLFRF Funds may be, but are not required to be, used along with other funding sources for a given project. Note that ARP/CSLFRF Funds may not be used for a non-Federal cost share or match where prohibited by other Federal programs, e.g., funds may not be used for the State share for Medicaid.

Treasury's Interim Final Rule and guidance and the Uniform Guidance outline the types of costs that are allowable, including certain audit costs. For example, per 2 CFR 200.425, a reasonably proportionate share of the costs of audits required by the Single Audit Act Amendments of 1996 are allowable; however, costs for audits that were not performed in accordance with 2 CFR Part 200, Subpart F are not allowable. Please see 2 CFR Part 200, Subpart E regarding the Cost Principles for more information.

a. Administrative costs: Recipients may use funds for administering the SLFRF program, including costs of consultants to support effective management and oversight, including consultation for ensuring compliance with legal, regulatory, and other requirements. Further, costs must be reasonable and allocable as outlined in 2 CFR 200.404 and 2 CFR 200.405. Pursuant to the ARP/CSLFRF Award Terms and Conditions, recipients are permitted to charge both direct and indirect costs to their SLFRF award as administrative costs. Direct costs are those that are identified specifically as costs of implementing the ARP/CSLFRF program objectives, such as contract support, materials, and supplies for a project. Indirect costs are general overhead costs of an organization where a portion of such costs are allocable to the ARP/CSLFRF award such as the cost of facilities or administrative functions like a director's office. Each category of cost should be treated consistently in like circumstances as direct or indirect, and recipients may not charge the same administrative costs to both direct and indirect cost categories, or to other programs. If a recipient has a current Negotiated Indirect Costs Rate Agreement (hereinafter "NICRA") established with a Federal cognizant agency responsible for reviewing, negotiating, and approving cost allocation plans or indirect cost proposals, then the recipient may use its current NICRA. Alternatively, if the recipient does not have a NICRA, the recipient may elect to use the de minimis rate of 10 percent of the modified total direct costs pursuant to 2 CFR 200.414(f).

b. Salaries and Expenses: In general, certain employees' wages, salaries, and covered benefits are an eligible use of ARP/CSLFRF award funds; and

WHEREAS Subpart E of the UG dictates allowable costs and cost principles for expenditure of ARP/CSLFRF funds; and

WHEREAS Subpart E of the UG (specifically, 200.400) states that:

The application of these cost principles is based on the fundamental premises that:

(a) The non-Federal entity is responsible for the efficient and effective administration of the Federal award through the application of sound management practices.

(b) The non-Federal entity assumes responsibility for administering Federal funds in a manner consistent with underlying agreements, program objectives, and the terms and conditions of the Federal award.

(c) The non-Federal entity, in recognition of its own unique combination of staff, facilities, and experience, has the primary responsibility for employing whatever form of sound organization and management techniques may be necessary in order to assure proper and efficient administration of the Federal award.

(d) The application of these cost principles should require no significant changes in the internal accounting policies and practices of the non-Federal entity. However, the accounting practices of the non-Federal entity must be consistent with these cost principles and support the accumulation of costs as required by the principles, and must provide for adequate documentation to support costs charged to the Federal award.

(e) In reviewing, negotiating and approving cost allocation plans or indirect cost proposals, the cognizant agency for indirect costs should generally assure that the non-Federal entity is applying these cost accounting principles on a consistent basis during their review and negotiation of indirect cost proposals. Where wide variations exist in the treatment of a given cost item by the non-Federal entity, the reasonableness and equity of such treatments should be fully considered.

(f) For non-Federal entities that educate and engage students in research, the dual role of students as both trainees and employees (including pre- and post-doctoral staff) contributing to the completion of Federal awards for research must be recognized in the application of these principles.

(g) The non-Federal entity may not earn or keep any profit resulting from Federal financial assistance, unless explicitly authorized by the terms and conditions of the Federal award;

BE IT RESOLVED that the governing board of Town of Boonville hereby adopts and enacts the following US Cost Principles Policy for the expenditure of ARP/CSLFRF funds.

OVERVIEW

Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, commonly called Uniform Guidance (hereinafter "UG"), specifically Subpart E, defines those items of cost that are allowable, and which are unallowable. The tests of allowability under these principles are: (a) the costs must be reasonable; (b) they must be allocable to eligible projects under the Coronavirus State and Local Fiscal Recovery Funds of H.R. 1319 American Rescue Plan Act of 2021 (ARP/CSLFRF); (c) they must be given consistent treatment through application of those generally accepted accounting principles appropriate to the circumstances; and (d) they must conform to any limitations or exclusions set forth in these principles or in the ARP/CSLFRF grant award as to types or amounts of cost items. Unallowable items fall into two categories: expenses which are by their nature unallowable (e.g., alcohol), and unallowable activities (e.g., fund raising).

The Town of Boonville shall adhere to all applicable cost principles governing the use of federal grants. This policy addresses the proper classification of both direct and indirect charges to ARP/CSLFRF funded projects and enacts procedures to ensure that proposed and actual expenditures are consistent with the ARP/CSLFRF grant award terms and all applicable federal regulations in the UG.

Responsibility for following these guidelines lies with the Boonville Town Board and any employees who are charged with the administration and financial oversight of the ARP/CSLFRF. Further, all local government employees and officials who are involved in obligating, administering, expending, or monitoring ARP/CSLFRF grant funded projects should be well versed with the categories of costs that are generally allowable and unallowable. Questions on the allowability of costs should be directed to the Boonville Town Board. As questions on allowability of certain costs may require interpretation and judgment, local government personnel are encouraged to ask for assistance in making those determinations.

GENERAL COST ALLOWABILITY CRITERIA

All costs expended using ARP/CSLFRF funds must meet the following general criteria:

1. **Be necessary and reasonable for the proper and efficient performance and administration of the grant program.**

   A cost must be *necessary* to achieve a project object. When determining whether a cost is necessary, consideration may be given to:

   - Whether the cost is needed for the proper and efficient performance of the grant project;
   - Whether the cost is identified in the approved project budget or application;
   - Whether the cost aligns with identified needs based on results and findings from a needs assessment; and
   - Whether the cost addresses project goals and objectives and is based on program data.

   A cost is *reasonable* if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision to incur the cost was made. For example, reasonable means that sound business practices were followed, and purchases were comparable to market prices. When determining reasonableness of a cost, consideration must be given to:

   - Whether the cost is a type generally recognized as ordinary and necessary for the operation of the Town of Boonville or the proper and efficient performance of the federal award;
   - The restraints or requirements imposed by factors, such as: sound business practices; arm's-length bargaining; federal, state, and other laws and regulations; and terms and conditions of the ARP/CSLFRF award;

- Market prices for comparable goods or services for the geographic area;
- Whether individuals concerned acted with prudence in the circumstances considering their responsibilities to the Town of Boonville, its employees, the public at large, and the federal government; and
- Whether the Town of Boonville significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the ARP/CSLFRF award's cost.

2. **Be allocable to the ARP/CSLFRF federal award.** A cost is allocable to the ARP/CSLFRF award if the goods or services involved are chargeable or assignable to the ARP/CSLFRF award in accordance with the relative benefit received. This means that the ARP/CSLFRF grant program derived a benefit in proportion to the funds charged to the program. *For example, if 50 percent of a local government program officer's salary is paid with grant funds, then the local government must document that the program officer spent at least 50 percent of his/her time on the grant program.*

   If a cost benefits two or more projects or activities in proportions that can be determined without undue effort or cost, the cost must be allocated to the projects based on the proportional benefit. If a cost benefits two or more projects or activities in proportions that cannot be determined because of the interrelationship of the work involved, then the costs may be allocated or transferred to benefitted projects on any reasonable documented basis. Where the purchase of equipment or other capital asset is specifically authorized by the ARP/CSLFRF, the costs are assignable to the Federal award regardless of the use that may be made of the equipment or other capital asset involved when no longer needed for the purpose for which it was originally required.

3. **Be authorized and not prohibited under state or local laws or regulations.**

4. **Conform to any limitations or exclusions set forth in the principles, federal laws, ARP/CSLFRF award terms, and other governing regulations as to types or amounts of cost items.**

5. **Be consistent with policies, regulations, and procedures that apply uniformly to both the ARP/CSLFRF federal award and other activities of the Town of Boonville.**

6. **Be accorded consistent treatment.** A cost MAY NOT be assigned to a federal award as a direct cost and also be charged to a federal award as an indirect cost. And a cost must be treated consistently for both federal award and non-federal award expenditures.

7. **Be determined in accordance with generally accepted accounting principles (GAAP), unless provided otherwise in the Uniform Grant Guidance (hereinafter "UGG").**

8. **Be net of all applicable credits.** The term "applicable credits" refers to those receipts or reduction of expenditures that operate to offset or reduce expense items allocable to the federal award. Typical examples of such transactions are purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or

erroneous charges. To the extent that such credits accruing to and received by the local government related to the federal award, they shall be credited to the ARP/CSLFRF award, either as a cost reduction or a cash refund, as appropriate and consistent with the award terms.

9. **Be adequately documented.**

SELECTED ITEMS OF COST

The UGG examines the allowability of fifty-five (55) specific cost items (commonly referred to as Selected Items of Cost) at 2 CFR § 200.420-.475.

The Finance Department responsible for determining cost allowability must be familiar with the Selected Items of Cost. The Town of Boonville must follow the applicable regulations when charging these specific expenditures to the ARP/CSLFRF grant. Finance personnel will check costs against the selected items of cost requirements to ensure the cost is allowable and that all process and documentation requirements are followed. In addition, State laws, Town of Boonville regulations, and program-specific rules may deem a cost as unallowable, and Finance personnel must follow those non-federal rules as well.

Exhibit A identifies and summarizes the Selected Items of Cost.

DIRECT AND INDIRECT COSTS

Allowable and allocable costs must be appropriately classified as direct or indirect charges. It is essential that each item of cost be treated consistently in like circumstances either as a direct or an indirect cost.

Direct costs are expenses that are specifically associated with a particular ARP/CSLFRF-eligible project and that can be directly assigned to such activities relatively easily with a high degree of accuracy. Common examples of direct costs include salary and fringe benefits of personnel directly involved in undertaking an eligible project, equipment and supplies for the project, subcontracted service provider, or other materials consumed or expended in the performance of a grant-eligible project.

Indirect costs are (1) costs incurred for a common or joint purpose benefitting more than one ARP/CSLFRF-eligible project, and (2) not readily assignable to the project specifically benefited, without effort disproportionate to the results achieved. They are expenses that benefit more than one project or even more than one federal grant. Common examples of indirect costs include utilities, local telephone charges, shared office supplies, administrative or secretarial salaries.

For indirect costs, the Town of Boonville may charge a 10 percent de minimis rate of modified total direct costs (hereinafter "MTDC"). According to UGG Section 200.68 MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the period of performance the subawards under the award). MTDC EXCLUDES equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of $25,000.

SPECIAL PROVISIONS FOR STATE AND LOCAL GOVERNMENTS

There are some special provisions of the UG that apply only to states, local governments, and Indian Tribes.

§ 200.444 General costs of government.

(a) For states, local governments, and Indian Tribes, the general costs of government are unallowable (except as provided in § 200.475). Unallowable costs include:

(1) Salaries and expenses of the Office of the Governor of a state or the chief executive of a local government or the chief executive of an Indian tribe;

(2) Salaries and other expenses of a state legislature, tribal council, or similar local governmental body, such as a county supervisor, city council, school board, etc., whether incurred for purposes of legislation or executive direction;

(3) Costs of the judicial branch of a government;

(4) Costs of prosecutorial activities unless treated as a direct cost to a specific program if authorized by statute or regulation (however, this does not preclude the allowability of other legal activities of the Attorney General as described in § 200.435); and

(5) Costs of other general types of government services normally provided to the general public, such as fire and police, unless provided for as a direct cost under a program statute or regulation.

(b) For Indian tribes and Councils of Governments (COGs) (see definition for *Local government* in § 200.1 of this part), up to 50% of salaries and expenses directly attributable to managing and operating Federal programs by the chief executive and his or her staff can be included in the indirect cost calculation without documentation.

§ 200.416 Cost allocation plans and indirect cost proposals.

(a) For states, local governments and Indian tribes, certain services, such as motor pools, computer centers, purchasing, accounting, etc., are provided to operating agencies on a centralized basis. Since Federal awards are performed within the individual operating agencies, there needs to be a process whereby these central service costs can be identified and assigned to benefitted activities on a reasonable and consistent basis. The central service cost allocation plan provides that process.

(b) Individual operating agencies (governmental department or agency), normally charge Federal awards for indirect costs through an indirect cost rate. A separate indirect cost rate(s) proposal for each operating agency is usually necessary to claim indirect costs under Federal awards. Indirect costs include:

(1) The indirect costs originating in each department or agency of the governmental unit carrying out Federal awards and

(2) The costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

(c) The requirements for development and submission of cost allocation plans (for central service costs and public assistance programs) and indirect cost rate proposals are contained in appendices V, VI and VII to this part.

§ 200.417 INTERAGENCY SERVICE.

The cost of services provided by one agency to another within the governmental unit may include allowable direct costs of the service plus a pro-rated share of indirect costs. A standard indirect cost allowance equal to ten percent of the direct salary and wage cost of providing the service (excluding overtime, shift premiums, and fringe benefits) may be used in lieu of determining the actual indirect costs of the service. These services do not include centralized services included in central service cost allocation plans as described in Appendix V to Part 200.

COST ALLOWABILITY REVIEW PROCESS

PREAPPROVAL COST ALLOWABILITY REVIEW

Before an ARP/CSLFRF-funded project is authorized, the Town of Boonville Finance Officer must review the proposed cost items within an estimated project budget to determine whether they are allowable and allocable and whether cost items will be charged as direct or indirect expenses. This review will occur concurrently with the review of project eligibility and *before* obligating or expending any ARP/CSLFRF funds.

- Local government personnel must submit proposed ARP/CSLFRF projects to the Town of Boonville Finance Officer for review. In addition to other required information, all proposed project submissions must delineate estimated costs by cost item.
- Along with a general review of project eligibility and conformance with other governing board management directives, if required, the Town of Boonville Finance Officer must review estimated costs for specific allowable cost requirements, budget parameters, indirect rates, fringe benefit rates, and those activities/costs that require pre-approval by the US Treasury.
- If a proposed project includes a request for an unallowable cost, the Town of Boonville Finance Officer will return the proposal to the requesting party for review and, if practicable, resubmission with corrected cost items.
- Once a proposed project budget is pre-approved by the Town of Boonville Finance Officer, the local government personnel responsible for implementing the project must conform actual obligations and expenditures to the pre-approved project budget.

POST-EXPENDITURE COST ALLOWABILITY REVIEW

Once an expenditure is incurred related to an eligible project, and an invoice or other demand for payment is submitted to the local government, the Town of Boonville Finance Officer must perform a second review to ensure that actual expenditures comprise allowable costs.

- All invoices or other demands for payment must include a breakdown by cost item. The cost items should mirror those presented in the proposed budget for the project. If an invoice or other demand for payment does not include a breakdown by cost item, the Town of Boonville Finance Officer will return the invoice to the project manager and/or vendor, contractor, or subrecipient for correction.

- The Town of Boonville Finance Officer must review the individual cost items listed on the invoice or other demand for payment to determine their allowability and allocability.

- If all cost items are deemed allowable and properly allocable, the Town of Boonville Finance Officer must proceed through the local government's normal disbursement process.

- If any cost item is deemed unallowable, the Town of Boonville Finance Officer will notify the project management and/or vendor, contractor, or subrecipient that a portion of the invoice or other demand for payment will not be paid with ARP/CSLFRF funds. The Town of Boonville Finance Officer may in their discretion, and consistent with this policy, allow an invoice or other demand for payment to be resubmitted with a revised cost allocation. If the local government remains legally obligated by contract or otherwise to pay the disallowed cost item, it must identify other local government funds to cover the disbursement. The Town of Boonville Board of Commissioners must approve any allocation of other funds for this purpose.

- The Town of Boonville Finance Officer must retain appropriate documentation of budgeted cost items per project and actual obligations and expenditures of cost items per project.

COST TRANSFERS

Any costs charged to the ARP/CSLFRF federal award that do not meet the allowable cost criteria must be removed from the award account and charged to an account that does not require adherence to federal UGG or other applicable guidelines.

Failure to adequately follow this policy and related procedures could result in questioned costs, audit findings, potential repayment of disallowed costs and discontinuance of funding.
